

## **REMARKS/ARGUMENTS**

Applicants respectfully request further examination and consideration in view of the arguments set forth fully below. Prior to this Office Action, Claims 1-49 were pending in this application. Claims 1-49 stand rejected in a non-final Office Action under 35 U.S.C. 103(a). In this Response, no claims were amended and no claims were canceled. Accordingly, claims 1-49 are currently pending in this application.

### **CLAIM REJECTIONS UNDER 35 U.S.C §103(a)**

Within the Office Action, Claims 1-49 are rejected under § 103(a) as being obvious over Perri, III et al (U.S. Patent Application Publication No. US 2001/0020231 A1) (publication date: 9/6/2001) (hereinafter *Perri*). Applicants respectfully traverse this basis for rejection.

#### **Perri is not prior art to this application.**

The present invention claims priority of a provisional application filed on August 9, 1999, serial number 60/147,964. The Applicant conceived this invention a significant time ahead of the provisional filing date and worked diligently thereafter to reduce the invention to practice. Significantly, *Perri* was not filed until April 24, 2000, much later than the present invention. Additionally, *Perri* was not described in a publication printed until September 6, 2001. Because *Perri* was filed and published after the effective filing date of the Applicants' present application, *Perri* cannot be cited as prior art under § 35 U.S.C. §103(a). Thus, the rejection of the claims under 35 U.S.C. §103(a) as being unpatentable over *Perri* is improper. Applicants respectfully request that this rejection be withdrawn. No other basis for rejection of the claims is made in the pending Official Action. For at least these reasons, claims 1-49 are allowable.

## CONCLUSION

In view of the foregoing, Applicants believe all claims now pending in this application are in condition for allowance. The issuance of a formal Notice of Allowance at an early date is respectfully requested. If the Examiner believes that a telephone conference would expedite prosecution of this application, the Examiner is encouraged to contact the undersigned at (408) 530-9700.
